- Responsive Web Design

Projects

Portfolio Website
Self Project | Online

Developed a personal portfolio using React.js and Tailwind CSS to showcase projects, skills, and contact information. Mobile-first and responsive.

Weather App
Self Project | Online

Created a weather app using React and the OpenWeatherMap API, delivering real-time weather data in a clean, responsive UI.

Agency Website
Self Project | Online

Designed and developed a fully responsive digital agency website using React.js and Tailwind CSS. Included multiple sections such as services, testimonials, and FAQ's, with smooth animations and modern layout.

Education

Bachelor in Software Engineering

Riphah International University, Faisalabad
Expected Graduation: 2026
